While modern books are born digital, books old enough to be in the public domain may never have seen a computer. Google has been scanning books from public libraries and other sources for several years. That means you've got access to an entire library of classic literature that you can read on the computer or on a variety of mobile devices and eBook readers.

### Red Thunder And Lightning 1

Red Thunder is the first of John Varley's Thunder & Lightning series. Red Thunder is mostly a book about how to design & build a space-going vessel. We don't actually blast off until approx. page 300 of this 411-page work.

### Red Thunder (Thunder and Lightning, #1) by John Varley

Though Varley is working with decades-old tropes and is not in his full wildly-imaginative 1970s mode, Red Thunder is an enjoyable SF novel that should win back many disgruntled fans and gain him a new generation of admirers.

Red Lightning once again shows why he continues to be one of the greats in science fiction. Red Lightning is the sequel to Red Thunder. The earlier novel dealt with a group of young adults who build their own spaceship despite government intervention (similar to The Astronaut Farmer (which came later), but also plotted rather differently).

The Red Lightning Bolt on an Apple Watch is an indication to charge the device. Apple implemented two systems on the Watch that both have a use for the lightning bolt symbol and I'm talking specifically when it turns red. This is an automatic response that alerts the user to be aware of the remaining power on the Watch.
