Introduction. A split air conditioner consists of two main parts: the outdoor unit and the indoor unit. Cleaning of split air conditioner is important for proper functioning of air conditioner. In this guide we will be teaching how to clean a split air conditioner on your own. It is recommended to clean your air conditioner twice a year.

How to Clean Split Air Conditioner - iFixit Repair Guide

The non-inverter split air conditioner basically consists of a ON/OFF compressor where the compressor is either ON fully or OFF fully. The inverter based compressor can regulate the speed of the compressor depending on the load required. Here is the breakdown of the typical controller for better understanding.
